You're looking for some expert help, perhaps you're after some advice and support; a referral or recommendation, some market insights or you're looking for new talent to join your team or a new challenge elsewhere. To answer any of these questions, the key question for you is "How's your network?"

In today's rapidly changing complex workplaces, it's essential to nurture and **Build your Network** to open doors, solve problems and take advantages of the myriad of opportunities it can deliver.

This fast paced 90-minute online module introduces participants to the latest evidence-based knowledge and how to use a range of highly impactful skills to build face to face and virtual networks.

Who should attend this module?

Anyone who is interested in making an investment in their long-term success, to nurture a formidable business network to help their organisations thrive as well as profoundly extending their own personal impact and influence.

Module outputs

1. Clarity on a personal motivation to drive networking activity and success
2. Review common problems that undermine network success
3. Consider actions to drive and enrich virtual networks
4. Access to a highly impactful evidence-led skillset that can be immediately applied in the workplace

What people say about this interactive module?
