Elevating your NED Brand
Masterclass

1.

Elevating your NED Brand Masterclass

An impactful 'brand' which conveys your value-add is vital to stand out in today's competitive landscape of non-executive directors.

This half day Masterclass brings together a small cohort to understand how to elevate your board career, combined with our robust resource pack to deep dive into Board CV, LinkedIn and more.

An established portfolio NED will also join the session to share how building a board career really works, answer your questions and share tips from their experience.

1.

Elevating your NED Brand Masterclass

Our Masterclass is unique in how it:

- Draws on a decade of understanding what *really* works to secure a board position;
- Enables peer-learning and instant feedback;
- Incorporates our deep knowledge of in-demand skills for today's non-executive recruitment market.

It runs monthly in-person in London or virtually.

High-impact Mentoring Programme

Get our whole network behind you as you build your NED career.

Your mentor will also draw on the experience of our extensive membership - sharing their pooled experience of board applications, interviews and ensuring a portfolio that works for you. If appropriate, she will broker specific 1-on-1 connections at key points, such as interview.
